Portfolio Website: www.Chriken.com

I am Chris Kennedy, a Digital Artist, and Graphic Designer experienced in print design including posters, book design, branding, packaging, logos, as well as some web design. I graduated from Rutgers in 2013, with a Bachelor of Fine Arts Degree and a Minor in Art History. I enjoy the brainstorming, problem solving, experimentation and the whole creative process that goes into creating a functional design. I believe that there are many ways for designs to be both visually pleasing, as well as convey a clear and distinct message. I received the Rutgers Senior Award For Creative Achievement in Graphic Design for this reason.

I am currently seeking a full time job. I enjoy working alone, as well as with a group. I am currently employed in a medium sized company designing and maintaining marketing materials for both print and web. This includes seasonal promotions, email campaigns, photography, photo editing, web design, catalogs and etc.
